## ABOUT REHASENSE

Rehasense is a global healthcare company with a comprehensive portfolio of mobility and care solutions. We aim to enable mobile freedom and independence for our customers, supporting them in their family, social and professional lives.

We achieve this by thinking outside the box when developing future mobility solutions and by constantly improving our products and our know-how.

The dynamics in the company are characterised by an agile corporate structure and mutual respect. We would like to take this opportunity to thank our customers for their trust in the Rehasense brand and its products.

## TOP TECH EXPERTS

The interdisciplinary Rehasense team is made up of specialists in engineering, product design and the luxury goods industry with decades of professional experience. Rehasense specialises in innovative quality products for the rehabilitation market with focus on safety, compliance, design, and functionality. The product range includes mobility aids such as rollators, power add-ons, wheelchairs as well as care beds, transfer aids and ramps. All products are manufactured in accordance with QMS, which is certified based on ISO 9001 and ISO 13485 international standards and meet local regulatory requirements (e.g., MDR).

# ROLLATORS

FIND YOUR MOBILE  
COMPANION AND ENJOY  
EVERYDAY

## THE GUARANTEE

The Rehasense product portfolio includes stylish, high-quality rollators which have been designed to enable adults of all ages to enjoy an independent and active lifestyle.

Buy a premium rollator from our SPACE family and benefit from a 7-year guarantee.

The guarantee from our classic range, the SERVER family and the BASE LINE, is 2 years.

This is valid from the date of purchase and is conditional on correct use.

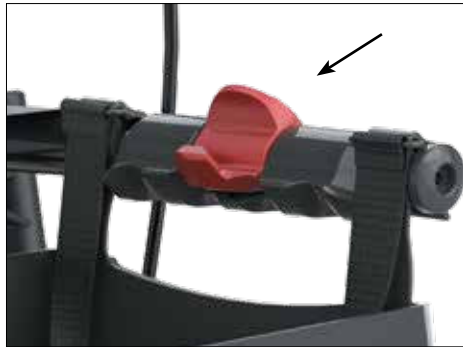

Rollator wheels are considered as subject to natural wear and tear. Our wheels are covered by a two-year warranty.

Damage caused by incorrect use or accidents is not covered by the warranty.

Please refer to the User's Manual and consult with the local dealers for more details.

# ICON 35

LIGHT & COMPACT

up to  
**8.2 kg**

14" PU transit wheel also available as 22"  
7" PU- Steering wheel PU drive wheel

Configuration:  
luxury edition in ice blue

## FOR CAREFREE EXCURSIONS

The ICON 35 transport wheelchairs are ergonomically designed. Paired with the proven REHASENSE quality, they are a reliable companion in everyday life, both for the user and the accompanying person. ICON 35 is available as Lx (luxury version) and Bx (basic version). The ICON 35 Lx weighs only 9.0 kg, and is equipped with a high-quality ergonomic seat and back cushion as well as adjustable armrests for more support and pressure relief. The ICON 35 Bx weighs only 8.2 kg and is the lightest wheelchair in the ICON range. It offers an ergonomic seat and back angle, allowing for an excellent sitting position. For transport and storage, both models can be easily folded and stored. In addition, they are equipped with a carrying aid. They have a maximum user capacity of 125 kg and offer a great lightweight wheelchair solution.

## EQUIPPED WITH

- Standard features of the ICON 35 Lx and Bx include:
- Exceptionally functional leg rests (can be removed and swung away)
  - Fold-up footplates
  - Intuitive braking system
  - Armrests (additionally height adjustable on the Lx)
  - Ergonomically positioned push handles
  - Tipping aid for the attendant to make it easier to negotiate kerbs
  - Carrying handle for transport in the folded state

## TECHNICAL DATA

Weight from	Loadable up to	Seat widths Lx, Bx	Front seat height	Rear seat height	Folding dimensions Lx, Bx (BxHxL)	Total width	Total height	Total length	Seat depth	Armrest height

50 cm

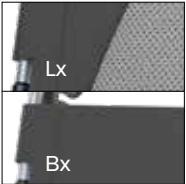

Ice Blue

User-friendly brake control for the attendant

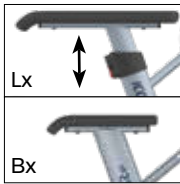

User-friendly leg rests and foot plates

Ergonomic back upholstery (Lx, Bx). Lx has extra comfortable padding

Optional accessory travel bag

Armrests of the Lx and Bx. The armrests of the Lx can additionally be adjusted in height

Practical carrying function

Thanks to "Click & Safe", the armrests can be easily adjusted and locked

# ICON 60

## THE ACTIVE WHEELCHAIR

"ICON 60 is one of the best active wheelchairs I have used so far. It is rigid, easy to adjust and can find a really good positioning. That it looks good as well is only icing on the cake".

Mats Laveborn, 64 years old, active wheelchair user since 1973. Para- and tetraplegic, spinal injuries at T6, C2-C7. Owner of Swedish Goliat and photographer at Freeborn Imagination.

### DESIGNED WITH HIGH ADJUSTABILITY

The new ICON 60 manual wheelchair is one of the most adjustable wheelchairs currently available. This latest addition to the Rehasense portfolio which features a lightweight rigid 7000 Series Aluminium Alloy frame and carbon fibre side panels has been designed to enable the user to adjust various elements of the chair to suit their individual needs. The frame length and seat angle are adjustable and for maximum comfort, the backrest – which is foldable to assist with transporting the ICON 60 by car – can be adjusted forward by up to 20° or backwards by up to 10°.

### FEATURES AT A GLANCE

- Max user weight – 120kg
  - Series 7000 Aluminium rigid active wheelchair
  - Multiple of adjustments, Seat Depth,
  - Front and Rear Seat Heights and Centre of Gravity
  - Angle Adjustable Front Forks
  - 24" Day Light Rear Wheel, QR Axle and Pneumatic Tyre
  - 4" Alu Core Castor
  - Lockdown Folding, Angle, Height and Tension Adjustable Backrest with 3D breathable Fabric and Seat cushion
  - Low Profile Scissor Lock Brakes
  - Carbon Fibre Side Guards
- ADDITIONAL WHEEL OPTIONS
- MTB Mountain bike wheels
  - Off road Buddy wheels
  - Fat wheels with Crazy Bob tyres

# TRACK WHEEL

CONVERT YOUR WHEELCHAIR  
INTO AN AGILE TRICYCLE

My colleagues and I have tested the TRACK WHEEL extensively. Only what is good enough for us is good enough for our customers. It's great!

I hope you enjoy driving it.

Jes Klein, 61, active wheelchair user since 1985, mobility expert at Køretestseksperter in Viborg, Denmark.

## IDEAL FOR OUTDOOR ADVENTURES

only  
**2.6 kg**

**SINGLE  
ARM**

Turn your wheelchair into a manoeuvrable tricycle and experience a whole new feeling of speed and freedom! The outdoor front wheel Track Wheel is the ideal companion on excursions in the city, in the forest or at the beach: ultra-light, easy to attach and comfortable.

Are you ready for your next outdoor adventure? Whether bumpy streets in the city, long bike and hiking trails, rough nature trails - with the outdoor front wheel TRACK WHEEL you can move effortlessly on a variety of terrain.

The 12-inch TRACK WHEEL raises the castor wheels and tilts the wheelchair slightly backwards: rolling resistance is noticeably reduced. The result: more speed, comfort and manoeuvrability when driving.

Once your TRACK WHEEL has been properly adjusted, docking with the wheelchair in a matter of seconds. TRACK WHEEL comes in two innovative docking systems: Single Arm with one clamp and Double Arm with two clamps.

**DOUBLE  
ARM**
